EXPERIENCE

Hospital Pharmacist Sept 2023 – Sept 2025

Begum Shafia Nazir Hussain Trust Hospital, Perambur, Chennai, India

- Reviewed and dispensed prescriptions for more than 100 patients every day across inpatient and outpatient departments of a 50-bed hospital, checking dose, dosage form and drug interactions before every release.
- Counselled patients and caregivers on how to take their medicines, side effects and adherence.
- Ran pharmacy inventory: tracked stock levels and expiry dates and coordinated procurement so no medicine ran short.
- Handled controlled substances and followed hospital protocols and Indian regulations for storage, labelling and dispensing.
- Worked daily with physicians, nurses and ward staff to resolve prescription queries and keep patient care safe.
- Kept complete dispensing records and documentation, ready for hospital quality audits.
